

Know your bill

Your kilowatt hour [kWh] usage represents the amount of energy your household consumed over the billing period.

CONSUMPTION COMPARISONS

This summary compares your most recent kWh usage with usage during the previous month and the same month the year before. It's included to help you monitor your energy usage.

FACILITIES CHARGE

The Facilities Charge is a fixed fee which covers the cost of maintenance, equipment and infrastructure we need to deliver electricity safely and reliably.

REGULATORY AUTHORITY FEE

This fee is a legal requirement which is remitted to the Regulatory Authority to cover their operating costs.

DISCOUNT DATE AND VALUE

A discount is applied if your bill is paid on or before the date listed.

FUEL ADJUSTMENT RATE

The Fuel Adjustment Rate contains 2 components:

1. Fuel Adjustment
2. Government Tax

Your cost is calculated by multiplying the FAR with your total kWh.

1

FUEL ADJUSTMENT

This rate is based on the cost of purchasing fuel in excess of a base rate of \$30 per barrel and transporting it to BELCO.

2

GOVERNMENT TAX

Government Tax is the duty put on imported fuel, plus UNESCO world heritage Tax.
